Kano State University / [B.Sc.](#) Physics

Summary

A highly skilled professional with expertise in Python, JavaScript, TypeScript, and React Native, complemented by proficiency in Tailwind CSS and Chart.js. Demonstrates strong leadership and strategic planning abilities, alongside excellent communication skills and public speaking prowess. Adept at problem-solving and maintaining composure under pressure, with a growing foundation in cloud security and cybersecurity principles. Experienced in utilising Docker, Git, Ventoy, Expo, RabbitMQ, and blockchain technologies to drive innovative solutions. Committed to leveraging technical knowledge of Linux for effective information analysis and gathering. Career goals include advancing public relations strategies while enhancing upselling and cross-selling techniques within the tech industry.
